SHAPE OPTIONS

A. Cross Sewn

B Rectanale

C. Tailored

D. Concentric

F. Round

G. Sauare

A. CROSS SEWN | Our cross sewn rugs are sewn horizontally, rather than top to bottom, mimicking the look of hand loomed rugs. Standard cross sewn sizes range from 20"x30" up to 11'4"x14'4", and custom sizes are available.

B. RECTANGLE | The smart style of rectangular braids offers a more contemporary appearance in a room. Braid is used to create the body of the rug. A narrow border is made with the same braid and sewn around the entire edge of the rug. Standard rectangle sizes range from 20"x30" up to 11'4"x14'4", and custom sizes are available.

C. TAILORED | Similar to a rectangle, but with oval shaped ends, our new, charming tailored-shape braids are the perfect way to get the best of both worlds. Braid is used to create the body of the rug. Custom sizes are available.

D. CONCENTRIC | Designed with today's lifestyles in mind, our concentric braids look equally at home in traditional or contemporary settings. The unique placement of color gives each rug a shadowbox look. Standard concentric sizes range from 20"x30" up to 11'4"x14'4", and custom sizes are available.

E. OVAL | Oval is the traditional shape of the Capel braided rug. While we offer twenty standard rug sizes and a variety of shapes, the oval remains the most popular. Capel ovals range in size from 20"x30" up to 11'4"x14'4", and custom sizes are available.

F. ROUND | Capel round braided rugs are available in standard sizes ranging from 3' round to 9'6" round. Custom rounds up to 24' wide can also be ordered. Our round braids have an authentic, handcrafted appeal and look smart under round dining tables.

G. SQUARE | Similar to rounds, our square braided rugs are perfect for square rooms and dining tables. This shape lends a contemporary, yet casual feel to almost any décor. Capel standard square rugs range in size from 3' to 9'6" square, and custom sizes are available.

STRIPED FABRICS

We adore the crisp, visual interest a striped pattern can add to a room and how well they play with florals and solids. Big stripes, skinny stripes and in-between stripes, you can find stripes of all sizes in our wide selection of linear wovens.

FABRICS

Like real flowers, floral fabrics have different patterns and personalities largely determined by the style, size, and colors within them. We have an array of durable, washable indoor-outdoor styles to consider when planning your floral border
