# THERE'S **ALWAYS** ROOM.

Whether it's the first thing or the last thing you purchase, a rug can dramatically change a room. Choosing the right rug is a very personal process—it should look right in your space, feel right in your space and work in harmony with your furniture and accessories. With more than 10,000 varieties of textures, styles and colors, we know we have the right rug for you. Here's some advice from our top style guru for choosing rugs for your most essential rooms:

**1 working rooms.** Most working rooms like the office, the mud rooms and the laundry room consist of large expanses of flooring and cabinetry—be they gorgeous or utilitarian—they're usually crying out for comfort and warmth. And, an area rug is the perfect place to start.

2 living rooms. Living rooms are, in fact, where we "do" most of our living. Living rooms demand a rug that wears well and will even look better over time. And what better to do that with than a luxurious handmade Capel rug? Choose from over 600 delicately hand knotted and hand tufted designsyou'll be creating a fabulous family room and a family heirloom.

3 **bedrooms.** Area rugs provide a point of interest in your bedroom, a soft landing for your feet and keep the chill away from your toes in the winter. If your bedroom already has a lot of color and busy patterns, a solid color bedroom rug or a simple pattern will look better.

4 kids' rooms. When considering a rug for a kid's room, style should not have to take second place to durability. Capel offers lots of options for outfitting nurseries, bedrooms and playrooms with the perfect rug-and, they're all built to last.

5 for every room. From nurseries to playrooms, to offices to laundry rooms, our unique braided basket sets help clear the clutter and keep things organized.

6 outdoor rooms. Just because the space is outdoors doesn't mean it can't function just as a living room. An outdoor rug can set the stage, giving you a base to work from. Just as in a living room, anchor your furniture around the rug.

MADE IN THE USA SINCE 1917.

The original look of Capel's handcrafted braids transcends generations, yet the American craftsmanship behind them remains much the same.

Here at Capel, we share a genuine belief that our braids are the best-because they're a beautiful American product, because we use the same authentic craftsmanship that we always have, and because we understand the importance of raw material. More than 95 years after our beginning, we still procure the very best fibers and do our own spinning, dying and weaving to produce beautiful yarns that last a lifetime. And our custom capabilities means our customers can create their own American original. The sky really is the limit.

## **RUG CONSTRUCTIONS**

#### HAND TUFTED PAGE 60-111

Affordable luxury...A tufting gun that works similarly to a sewing needle pushes threads of yarn through the back of a pre woven foundation. The loops of yarn are then sheared to create a soft, plush pile. A cotton backing lends stability.

#### HAND KNOTTED PAGE 112-125

Works of handmade art...single strands of yarn are looped around two adjacent warp threads and secured into place by highly skilled artisans who excel in their craft. The creme de la creme, a 9 X 12 hand knotted rug with an intricate pattern can take up to one year to produce.

#### 3 LOOP HOOKED PAGE 126-131

Truly textural...loop hooked rugs are made in a similar fashion to hand tufted but the loops of yarn stay in tact and remain uncut for the ultimate nubby texture. Combining cut and loop pile is also possible for a high low effect that creates dimension and visual interest.

#### 4 MACHINE WOVEN PAGE 132-141

Exceptional value...made on mechanical looms with the front and back woven simultaneously, machine woven rugs offer resiliency, good pattern definition and color clarity.

#### 5 INDOOR-OUTDOOR PAGE 142-163

The best of both worlds...combining beauty and durability, indoor-outoor rugs are practical solutions for any surface that requires easy care. Able to withstand the elements and earns its hardworking reputation with stain resistant style.

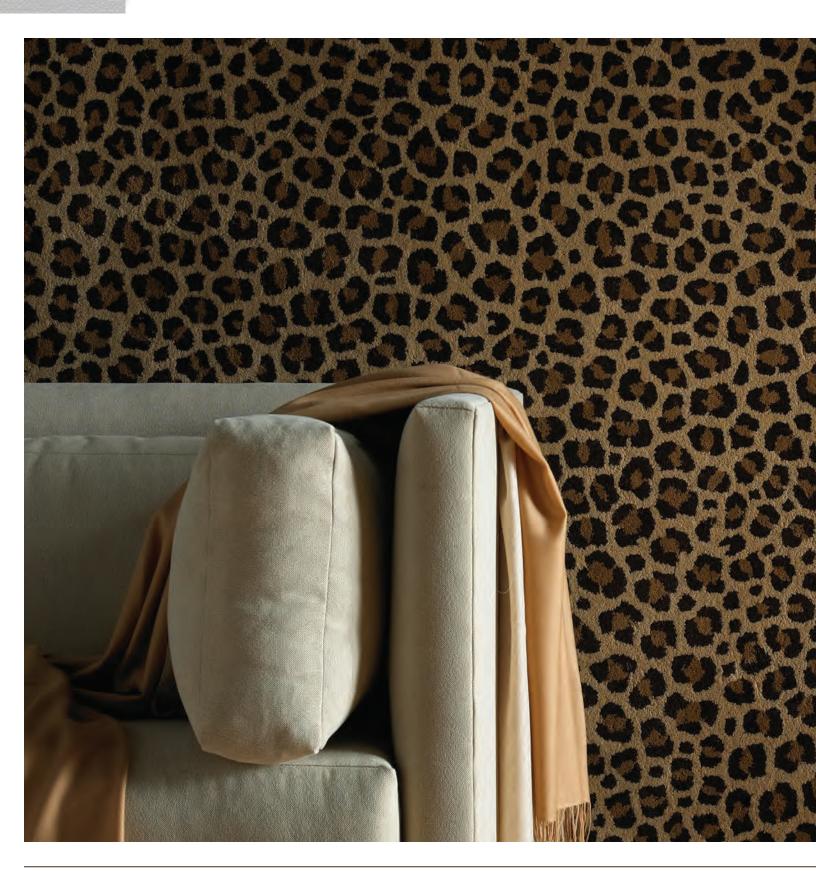

#### 6 FLAT WOVEN PAGE 164-177

Stylish and versatile...woven on a loom with fibers threaded back and forth. flat woven rugs are offered in a variety of density's and yarn systems. Reversible for twice the wear and an affordable, fashion forward option for your floor.

#### BRAIDED PAGE 178-221

The American originals...yarn or fabric is braided to form a continuous rope of brilliant colors resulting in the ultimate handcrafted floor covering. Reversible and durable (and where it all began for us 96 years ago).
