NEW YEAR, NEW LOOKS, NEW FORMAT!

Call it a reinvention, a rejuvenation or just a plain old revival—something pretty amazing has happened at Capel.

Sure, we continue to think outside the box, travel the world in search of inspiration, strategize about the future, cultivate wonderful partnerships (Welcome Genevieve!) and pow-wow about the important stuff, but that's all in a day's work around here. What's amazing is that we're now hearing from our customers that we've done exactly what we set out to do—to have our product line evolve in a way that shows innovation while maintaining the quality and top notch customer service that Capel has always been known for.

With our new 2012 catalog, we continue our **new style point of view™** by showcasing our vast array of rugs in an entirely updated and super efficient format. We know that you'll love it as much as we do.

A few things worth mentioning that we're just wild about... we added a huge assortment of transitional looks to the product mix... we expanded our custom rug programs to include the colorful and cozy 'Chenille Creations' (check it out on p.24-25)... we debuted the Capel Design Studio for displaying 50 of our top sellers... our popular color story pages are back, looking cooler than ever (p.4-11)... and, because we all need a little style direction once in awhile, our resident style guru, aka Creative Director Tami Watras, has weighed in on the top trends for 2012.

Last, but not least, we know that anything's possible with a great team. We're proud to debut 'The Designer Collection' portion of our catalog (p.100-117) which features some of favorite partners—Genevieve Gorder, Kevin O'Brien, Biltmore and Colonial Williamsburg. As you can see, we like to keep good company.

BTW, did we forget to mention that we turned 95 this year? We did. And we've never looked better.

Here's to a fabulous 2012.

BRAIDS

WHEN IT COMES TO BRAIDED RUGS, CAPEL DOES IT ALL—USE OUR SHAPE GUIDE BELOW TO CHOOSE THE PERFECT CAPEL BRAID FOR YOUR ROOM.

A rectangle: A contemporary braided look. A narrow border of braid is made and sewn around the border of each rug for a finished edge.

B oval: Oval is the traditional shape of the Capel braid and remains the most popular still today.

C concentric: Our concentric braids feature unique yarn placement for a shadowbox effect.

D square: Practical, versatile and hard-to-find in area rug shapes, our square braids create a striking look.

E round: Our round shape braids have an authentic, handcrafted appeal. Round is a smart choice for dining rooms and kitchens.

F runner: Braided runners add warmth and softness to hallways and stairs.

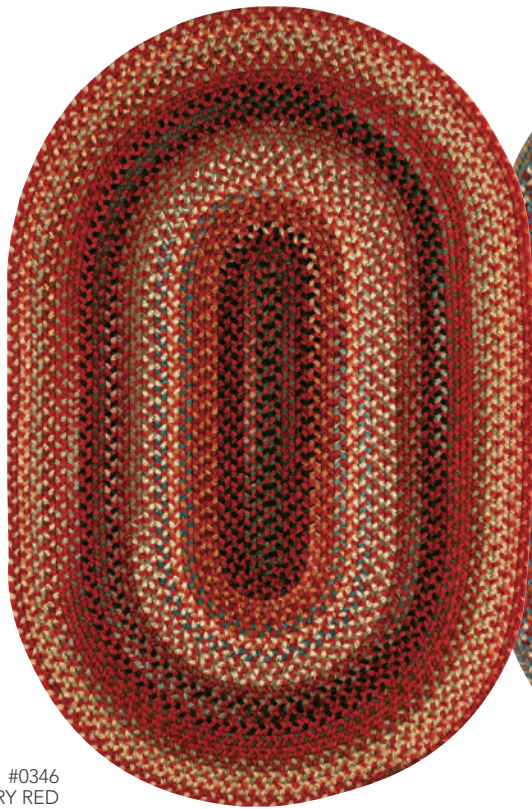

G cross-sewn: Cross-sewn braids are sewn horizontally rather than top to bottom, mimicking the look of hand loomed rugs.

H basket: Braided baskets are perfect to sort, store and carry all sorts of things.

FINISHING OPTIONS

Capel custom runners can be finished to suit the individual taste of each consumer. For simple style, runner ends can be serged at no charge. Alternatively, runners can be fringed on each end for a more traditional statement. Consumers may also choose to cap one or both ends with a border. For end caps, three extra feet of custom runner must be ordered to make the border.

SHAPE OPTIONS

L-shaped runners with mitered corners can be made for staircase landings or hallways that make a 90 degree turn. Runners are custom cut on right angles and sealed, glued and heat tape sealed for an invisible seam. Custom shaped runners may be finished with any of the options above. Measurements by a professional installer are required for ordering.

STAIR ROD SETS

Stair rods are sold in sets of six and are available in three fashion finishes: antique brass, plain brass and pewter (below). Each individual rod is solid, 33" in length and 1/2" in diameter. Each rod comes with two end brackets, two pineapple finials, two column finials, mounting hardware and installation instructions.

RUG PADDING

Padding is strongly recommended for all rugs. It is possible for dyestuffs to transfer to underlying surfaces such as tile, linoleum or carpet. Use a Capel rug pad under the entire area of each rug to avoid slipping and to prevent color transfer. For heated floors, we only recommend Firm Grip; other padding should not be used on heated floors.
