

LifeFlow[®]

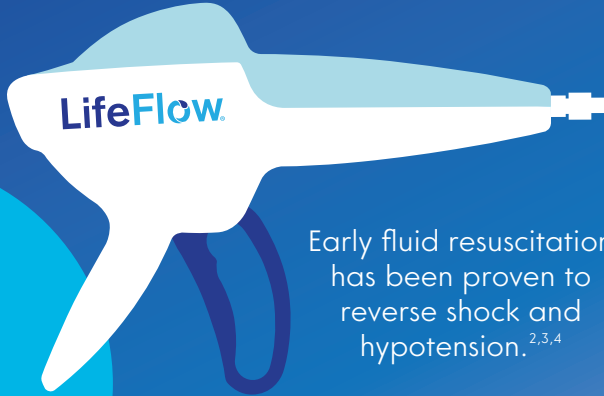

FLUID RESUSCITATION. WHEN MINUTES MATTER.

Potential Economic Impact¹ in Pediatric Shock

Up to
\$32,000
savings
per patient

LifeFlow

Early fluid resuscitation
has been proven to
reverse shock and
hypotension.^{2,3,4}

**40% fewer
hospital days**

(6 vs 10)

Potential for
**Greater
than 50%**
reduction in mortality
