## The Project

COVID-19 wrought unprecedented disruption on Chapel Hill's business community. To strengthen local businesses and invite people to return safely to the downtown district, the Experience Downtown Chapel Hill (XDCH) campaign was created.

The campaign introduced a lively new brand to the streets of Chapel Hill. Banners and signs throughout the community reinforced "We're Open" messages and conveyed new safety protocols being followed. A website aggregated helpful information about the area's shops, restaurants, cultural institutions, upcoming events and ways to support the district's economic growth.

**What does Phase One really mean? Some businesses are reopening, a few are ready to celebrate Mom!**

As you all likely know by now, we are entering Phase One of Gov. Roy Cooper's plan to carefully re-open North Carolina this evening at 5 p.m.

What does that actually mean? These are some of the biggest changes:

- Retail stores can allow up to 50% capacity with social distancing.
- Gatherings of 10 people, even outdoors with friends, are allowed.
- The opening of state parks and trails is encouraged.

Details on [the impact of the adjustment](#) >

Here's a full list of what's open downtown.
