

PRODUCING
**PLASMA
MEDICINES**

Grifols is a global healthcare company with more than **100 years** of improving the health and well-being of people around the world.

Patients rely on Grifols plasma medicines produced in the Clayton community, which is home to our largest manufacturing facility.

Grifols believes in giving back and supporting the communities we call home. We are dedicated to the advancement of education, supporting community programs, and improving our natural environment through charitable donations and volunteer programs.

GRIFOLS

**COMMITTED
TO THE
COMMUNITY**

GRIFOLS

ADVANCING EDUCATION

We recognize the role of the next generation in shaping the future of healthcare. In North Carolina, some of our education involvement includes:

DISCOVER THE PLASMA

Grifols developed this innovative teaching program to enhance North Carolina middle school science curricula while raising awareness about plasma-derived medicines.

JOHNSTON COUNTY WORKFORCE DEVELOPMENT CENTER

Grifols helped create a state-of-the-art simulated drug manufacturing environment to better train skilled employees and advance the talent pipeline in Johnston County.

ADVANCING WOMEN'S EDUCATION

Grifols partnered with Johnston Community College Foundation to create a scholarship endowment to help 8th grade female students seek higher education.

FOSTERING COMMUNITY

Grifols is committed to fostering a supportive community for those who call it home.

HABITAT FOR HUMANITY

Over the past 10 years and with over 6,000 hours of volunteering, Grifols has built seven homes for our neighbors.

FOOD DRIVES

Grifols has donated over 50,000 pounds of food to local foodbanks to help provide for community members in need.

ANGEL TREE

For more than 5 years, our Clayton and RTP facilities provided holiday gifts to youth in the Johnston County Foster and the Adolescent Parenting Programs.

IMPROVING OUR ENVIRONMENT

In addition to helping members of our local communities, Grifols recognizes the importance of cultivating and improving the natural environment that surrounds our facilities.

COMMUNITY CLEAN UPS

For almost 30 years, Grifols has participated in the Adopt-a-Highway program, collecting litter along a two-mile stretch of highway in front of the Clayton site.

BUILDING FOR A BETTER FUTURE

Grifols constructed the first and second LEED certified buildings in Johnston county and the first and second Green Globes certified buildings in Johnston County. Grifols was also the first pharmaceutical company in the United States to receive the Zero Waste to Landfill certification from Underwriters Laboratories for re-using 99% of its discarded materials.

CLAYTON WILDLIFE HABITAT

Grifols has committed to preserving 700 acres of land and its extensive wildlife ecosystem.

HARMONY PLAYGROUND AT EAST CLAYTON COMMUNITY PARK

With a donation from Grifols, the Harmony Playground at East Clayton Community Park is a specially designed place for individuals with sensory issues.
