Experience the wonder of discovery at Morehead Planetarium and Science Center. Explore our state-of-the-art exhibits and let our fulldome theater shows ignite your imagination. Bring the family or a group to enjoy Morehead together: <https://zurl.co/HPEM>. #NCTriangle #WeekendActivities #MPSC

Reserve your spot now for Morehead in Motion 2022 "Energy Supplements." We'll come to your class and show your students what energy is, what kinds of energy exist and how we use it. <https://zurl.co/P6bC> #NCTeachers #STEM #Energy #MPSC

Middle and high school science teachers, we have the perfect in-class activity for you! This Morehead Lab to Life activity investigates water chemistry and purity. Teach your students about clean water and acid/base chemistry as they learn to treat a polluted water sample. Learn more in our Teacher's Guide and request your reservation today: https://moreheadplanetarium.org/wp-content/uploads/2021/07/2021_TeachersGuide.pdf

Explore the stars from home with our bilingual science kit. Great for homeschool activities and weekend fun, Explora La Estrellas includes a storybook and four activities: Moon Phases, Spectroscope, Sundial and Star Finder. Kits must be ordered by November 1 so order yours today: <https://moreheadplanetarium.org/program/special-initiatives-programs/explora-las-estrellas/> #scienceathome #Morehead

Morehead in Motion: Earth & Beyond is an amazing in-school program for students in any grade. The Mobile Morehead crew will visit your classroom and deliver a live presentation on either earth science or astronomy. It's an opportunity to teach your class about climate change, the solar system and even the electromagnetic spectrum in a way they'll never forget. Check out our 2021-22 teacher's guide to learn more: https://moreheadplanetarium.org/wp-content/uploads/2021/07/2021_TeachersGuide.pdf

We're ready to lift-off into another year of science education and excitement! Your donations power our quest to elevate and innovate scientific discovery in North Carolina. This Giving Tuesday, please consider a gift to Morehead: <https://zcu.io/SCiI> #community #science #givingtuesday #morehead #nonprofit

Wow your students with the Science LIVE! program on your next field trip to Morehead. They can be engaged in exciting science demonstrations, like an illuminating lesson on light, a memorable session on biology or an explosive experiment in physics! Request your reservation today and bring science to life for your class.
